Germany

Please note that you should first complete your online application before sending any documents via regular mail. The application system is usually open from April until May 15th every year for applications for the respective winter term.

You should upload all documents to your online application, even if you have to send them by post because you hold a foreign bachelor's degree. This does not, however, replace the requirement to send specific documents in paper form to uni-assist.

Please note that requesting a delivery of an original score report of GRE, GMAT, TOEFL or IELTS to us *does not replace* the need to upload proof of those results to your online application.

Originals or certified copies of all documents that are not required in paper form during the application process, have to be provided *after* a positive decision of the admission committee and will be needed to finalize the enrollment into the program.
