Miscellaneous:

My chair at Goethe University was partly funded by DZ Bank Stiftung (DZ Bank Foundation) from 2012 to early 2020. In addition, my chair has obtained research grants from the European Regional Development Fund (EFRE), Commerzbank, ING, Friedrich Flick Förderstiftung and Observatoire de l'Epargne Européenne over the past three years. All funds and grants have been obtained through agreements in accordance with Goethe University's policies for third party research grants (<https://www.uni-frankfurt.de/51485827/SatzungsfassungStiferrichtlinie.pdf>) which rule out any influence of donors on research content and research results.

I provide this information to the best of my knowledge,
