For the sixth time already, students of Japan-related programs have the chance to meet Japanese companies in the Rhein-Main area to discuss mutual expectations, and to establish contacts for possible internships or career opportunities.

In 2022, 16 Japanese companies took part in the contact exchange. We expect a similarly high level of participation from Japanese companies this year.

Afterwards, there will be an opportunity for individual discussions with representatives of Japanese companies and the German-Japanese Business Circle. A light catering will be offered.
