

Report on Online Exchange Semester at Jiao Tong University

Name: Valentin S

Field of Study: Master BWL- Goethe University, Master International Business Jiao Tong University Shanghai

E-mail: s0537482@stud.uni-frankfurt.de

Introduction

In the Fall semester of 2022, I had the opportunity to participate in an online exchange program with Jiao Tong University. During my exchange, I took four courses: The Essentials of Management and the Art of Leadership, International Economics, cross-cultural management, and accounting for managers. In this report, I will discuss my experience as an online exchange student and provide my overall impression of the program.

Academic Performance

Throughout the semester, I was challenged and engaged by the courses that I took at Jiao Tong University. The professors were knowledgeable and helpful, and I found the online format to be very effective. Despite the challenges of online learning, I was able to earn an A in every class. This is a testament to the quality of education at Jiao Tong University and the effort put forth by the professors.

Course Content

The course content was relevant and up-to-date, and I appreciated the emphasis on practical applications of the material. In particular, I found the courses on cross-cultural management and international economics to be fascinating, as they provided me with a better understanding of the global business environment. Additionally, the course on accounting for managers was very helpful in developing my financial literacy skills.

Online Learning Experience

The online learning experience at Jiao Tong University was excellent. The professors used a variety of teaching methods, including lectures, case studies, and group discussions, to keep the classes engaging and interesting. The online platform was easy to use and allowed me to interact with my classmates and professors seamlessly. I appreciated the flexibility of being able to attend classes from anywhere, which allowed me to balance my academic obligations with other responsibilities.

Despite not being able to attend Jiao Tong University in person due to the pandemic, I was still able to have a fulfilling experience through the online exchange program. While it would have been ideal to be able to experience the culture and environment of the university in person, I was able to connect with my classmates and professors virtually and still gained a lot from the program. While it was disappointing not to be able to travel, I am grateful for the opportunity to participate in the program and for the effort that Jiao Tong University made to make the online exchange as enriching as possible.

Recommendation

Overall, I would highly recommend the online exchange program at Jiao Tong University to any student looking to broaden their academic horizons. The courses were challenging, the professors were knowledgeable and supportive, and the online learning experience was top-notch. I feel that I gained a great deal of knowledge and experience from my exchange semester, and I am grateful for the opportunity to participate in such a valuable program. Feel free to contact me if you have any further questions!
